,

1. show a genuine interest and engagement in science and research,
2. show excellence in their principal field of studies and, in addition, commitment to interdisciplinary work, documented for example by double degrees or interdisciplinary projects in their research work,
3. receive very strong support of their application by their academic advisor and/or by an internationally renowned scientist, who knows the applicant well,
4. show a noble aspiration to participate in international research cooperation, particularly in Germany universities and institutes,
5. belong to the top 5 percent of their class,
6. be fluent in English and prepared to actively participate in discussions with laureates and young scientists,
7. already have published papers in scientific journals (First Author an asset), and/or have made reports in international academic conferences,
8. a detailed letter of recommendation is indispensable for the application,
9. not already have completed doctoral thesis, not already have a permanent position (for this, the professional/employment status must be clearly indicated),
10. not have participated in a previous Lindau Meeting,
11. be not older than 32 years of age at the date of the meeting with exceptions for special cases (after June 28, 1988).
