The First Information letter

February 6 – 12, 2017

Ekaterinburg, Russia

**Dear colleagues and students of ASRTU Member universities and
ASRTU observer universities!**

The Association of Sino-Russian Technical Universities became a successful platform for development of humanitarian and scientific cooperation between our countries. Understanding the importance of the further development of the Association and strengthening of relations between Chinese and Russian universities, the Ural Federal University with the Permanent Secretariats of ASRTU from the 6th to the 12th of February, 2017 holds an international school for Chinese students of engineering and natural science specialties.

We cordially invite students from the Chinese universities of the Association to visit Ekaterinburg and know more about our university, our city, our educational programs and scientific possibilities.
