

iSURE

International Summer Undergraduate Research Experience

The iSURE program provides opportunities for international undergraduate and master's students to participate in research projects at the University of Notre Dame. Students will gain valuable, hands-on experience and exposure to real-life scientific problem solving and learning by working closely with faculty and graduate students on a variety of cutting-edge projects.

The iSURE program is open to international undergraduate or master's level students enrolled in any accredited, non-Notre Dame institution in the United States or abroad.

On campus housing and meals are provided for all iSURE students throughout the program as well as a series of activities and events to engage iSURE cohort with other summer students. Some signature events are:

- Face-to-face Q&A sessions with Graduate Admissions Committee of certain departments
- Field trip to Chicago and visit Chicago's most iconic attractions
- Evening events: speed-friending, scavenger hunt, ice-skating, star-gazing, etc.
- Research poster/presentation sessions
- Interaction and discussion with Notre Dame undergraduate students

The University of Notre Dame, located in South Bend, Indiana (90 miles from Chicago), is consistently ranked among the top 20 universities in the United States.

2 - Month Program Dates
